

# METAL FORM® RAL Colour Chart

The RAL range is the German standard for colour and is widely used throughout Europe. In the UK it is generally found as a specified colour on cladding, powder coatings and furniture.

The colours depicted on the following chart are for guidelines only. The finished colour may not be as shown here.

|                           |                               |                               |                             |                             |                            |                          |                             |
